

What the **SludgeBraker®** can mean to your fleet.

- Air starters that start the engine in sub-zero conditions.
- Stop Idling the engine when It's cold and save fuel.
- You can STOP using alcohol Injectors.
- Brake lines don't FREEZE.
- No air valve contamination failures.
- Windshield wipers that don't freeze.
- Clean and dry air tanks. No need to drain anymore.
- Air brake control valves operate more efficiently.
- Pneumatic doors operate regardless of conditions.
- STOP all related failures due to SLUDGE in the system. E6 valves, load levelers, brake chamber diaphragms.
- A wet tank is now a dry tank.
- Shorter line lengths from compressor safe guard against the line freezing ahead of the dryer.

North American  
Bus Industries, Inc.

no sludge  
no freeze-ups  
no worries
